

CALUM SCOTLAND

Mechanical Engineering & Business Student

ABOUT ME

I'm a second-year dual degree student at the University of Calgary majoring in Mechanical Engineering and Business. Originally from Red Deer, Alberta but spent the majority of my life in South Sudan and Kenya. Disciplined, reliable, and quick to learn. Effective in a team setting with proven leadership experience. Committed and passionate about doing things right, solving problems, helping people, and gaining experience. If you're looking for somebody who is going to show up reliably and get a job done to the best of their ability, I'm that guy.
